CASTING GOLD AND CLASP WIRE

Gold Color

A far better-than-average gold-platinum alloy which assures perfect color harmony in all cast and wrought gold combinations.

NO. 16 CLASP WIRE

Supplied round and $\frac{1}{2}$ round in popular gages; also lingual bar sizes and $\frac{3}{4}$ round in 14 and 15 gages; $\frac{3}{4}$ round in 14 and 15 gages is thicker than the same gages in $\frac{1}{2}$ round, consequently, $\frac{3}{4}$ round takes transverse bends better.

15 gage $\frac{3}{4}$ round equals 14 gage $\frac{1}{2}$ round in weight and performance.

NO. 16 CLASP WIRE

12 inch lengths.....\$1.80 per dwt.

No. 16 Casting Gold and Clasp Wire have excellent physical properties, and are recommended with enthusiasm for one-piece and assembled partials. Dentists and laboratories who used No. 16 in practical cases over a long testing period praise its casting qualities and remark that broken clasps "are conspicuous by their absence."

Clippings from No. 16 Clasp Wire and bars, preserved clean and in a separate container, may be used in subsequent castings or for bridge pontics. No. 16 Clasp Wire therefore is economical. Using its clippings saves the difference between their scrap value and an equal weight of new metal.

NO. 16 CASTING GOLD

2 dwt. in envelope.....\$1.80 per dwt

Life-like Dentures —for patients of *every* race!

A patient's color and complexion need never be a bar to natural appearance in denture materials. Translucent and delicately mottled, *Lucitone* is as fair as the Fifteenth Amendment (racial freedom): it allows the natural coloration of any gum tissue to show through.

The result is a life-like appearance that could never be obtained with a denture material of a "flat pink" color.

For modern, undetectable dentures, specify *Lucitone* —the denture material made by Du Pont exclusively for dentistry, and distributed by Caulk.

Highlights of the St. Louis Business Meeting of the American Dental Association

Commissions Pending No Longer Basis for Deferment by Selective Service Boards

Those dentists who are likely to be called into service in the next few months are advised by the Procurement and Assignment Service to apply for their commissions now. A new ruling has been issued by the War Department to the effect that individuals who have applied for their commissions but have not received them, and who are classified as 1A by their local draft boards may be inducted into the service in a non-professional capacity while their commissions are pending. As Colonel Sam Seeley, Executive Officer, Selective Service System, said in his talk Wednesday, August 26, before the House of Delegates, "He who procrastinates is likely to become a private." In other words, dentists under thirty-seven years of age who expect to be called into military service should not wait to apply for their commissions until their induction is imminent. Some time is required for a commission to be granted and while the application is being considered the local selective service board is likely to induct the applicant as a private soldier.

GENERAL MILLS

General Robert H. Mills, Chief, Dental Division, Surgeon General's Office, in discussing "Dentistry in the Army" before the House of Delegates declared,

"The response of our profession during this emergency has been satisfactory. The spirit of patriotism shown by men of our profession in being willing to make the necessary sacrifices to meet the demands made upon them is at least the equal of any other group of professional men."

Since April, according to a statement by General Mills, approximately 5,000 applications for dental commissions have been received by the War Department. Over 2,000 commissions have been granted and about 700 have been rejected, principally because of physical condition.

General Mills said, "Our profession's responsibility is not only to furnish adequate personnel for our armed services but also to maintain satisfactory dental services for the civilian population. From the percentage of selectees who have been rejected for dental defects, one must assume that the general public is not now receiving proper or full dental care. That being the case, it would be an injustice to deprive it of more dentists than are necessary to render adequate dental service to our armed forces.

"Dentists who are not needed for use in their professional capacity as officers in the Service should not be drafted and taken from their practices and made to serve in some other capacity, but should

be allowed to remain at home and render needed professional service in their home communities."

It was also pointed out that approximately one-half the casualties in Great Britain are civilians and that adequate medical and dental home care must be available for emergencies. To assure safeguarding the civilian population, General Mills explained that the Procurement and Assignment Service was being utilized. He added, "It has functioned admirably not only in securing professional men for the armed services but also in preventing civilian communities from being drained of professional men."

General Mills made it clear that "in the Army, the dentist is not only a dentist but also an officer of the Army. Some of his duties must necessarily concern the problems of command and supply which go with all Army installations."

The treatment and evacuation of battle casualties falls to the dental officer, General Mills said, explaining that "during actual combat they must put aside their professional dental duties to participate in the more immediate needs."

Furthermore, "the dental officer in the combat zone must assume wider obligations a large part of the time and must act as an auxiliary medical officer. In the first World War and in the present World War dental officers have proved that their training in the basic sciences and in the principles of surgery, supplemented with the training that they receive in the military service makes them valuable as auxiliary medical officers in the forward areas. Dental officers working with medical officers always have played a major part in the treatment of maxillofacial wounds in all of our military hospitals."

COLONEL SEELEY

Lieutenant Colonel Sam F. Seeley in an excellent discussion before the House of Delegates reviewed the accomplishments and the aims of the Procurement and Assignment Service. He explained

that the ratio of 1.5 dentists per 1,000 service men in the Army and Navy probably will be increased because of the lowered dental standards now required for induction into the services. Soon all dentists under thirty-seven will be sent an invitation to apply for a commission for at the present time there is sufficient need by the Army and Navy for every professionally and physically qualified dentist under the age of thirty-seven who is not at the moment necessary in a civil capacity. Those who have no dependents will receive the first invitation. Those over thirty-seven will not receive formal invitations until the supply under thirty-seven has been exhausted.

RESOLUTION ON "THE EXPERT"

A resolution prepared by the officers of the Chicago Dental Society regarding the book known as "The Expert" was submitted to the House of Delegates through the Board of Trustees. The resolution was as follows:

"RESOLVED by the House of Delegates of the American Dental Association in regular session in the City of St. Louis, Missouri this 25th day of August, 1942, that immediate steps be taken to enforce the ruling of the American Dental Association with respect to listings in "The Expert" and to facilitate such enforcement that the Secretary of each component Society be sent a copy of the official ruling of the American Dental Association with respect thereto, and be it further

"RESOLVED that as of and from this date the Secretary of the American Dental Association be directed to furnish the Secretaries of all constituent Societies and the Editor of the Journal of the American Dental Association copies of all official rulings affecting the conduct of the Association's members, and the Editor be directed to publish such official rulings in the issue of the Journal of the American Dental Association immediately following their issuance." This resolution was approved.

FUTURE A.D.A. MEETINGS POSTPONED

Another resolution prepared by the Board of Trustees was approved by the House of Delegates to the effect that for the duration of the period of difficult transportation, the scientific meetings of the American Dental Association be postponed. An annual meeting of the Officers, Committees and House of Delegates will be held to conduct the business of the Society. Recognizing the need of scientific meetings for developing knowledge and interest, the resolution stated that local and state society meetings should be encouraged.

A telegram was read to the Delegates from Joseph B. Eastman, Director, Office of Defense Transportation, in regard to the cancellation of the 84th Annual Convention of the Association. He declared: "At a time when the growing burden on railway passenger facilities made it necessary for me to ask that conventions not immediately connected with the war program be postponed for the duration, I was convinced that I would have the full cooperation of organizations such as the American Dental Association. The action taken by your Board of Trustees, in cancelling for the first time in 84 years of the Association's history, the annual convention which was to have been held this month, is indeed a patriotic contribution toward the solution of our passenger transportation problems."

PAUL V. MC NUTT

Also read to the Delegates was a letter from Paul V. McNutt, Federal Security Administrator and head of the War Manpower Commission, in which he expressed praise for the contributions Dentistry has made to the nation's war

effort. The letter addressed to President Oren A. Oliver follows:

"Dear Doctor Oliver:

During the last year I have had many opportunities to know and appreciate the patriotic service of the dental profession. You, Dr. Oliver, and your distinguished colleague, Dr. Camalier, have made outstanding contributions to the work of the Procurement and Assignment Service and the Health and Medical Committee. Your country and your profession will long have cause for gratitude.

I wrote to you on July 11 and expressed my regret that plans already made would make it impossible to accept your invitation to address your St. Louis meeting. Accept my thanks for the invitation and extend my sincere best wishes to the officers and to your members. Though we may not meet, we stand together shoulder to shoulder until the victory is won.

With kindest regards and every good wish, I am

Very cordially yours,
(signed) Paul V. McNutt,
Administrator

WELLS PRESIDENT-ELECT

Commander C. Raymond Wells, Chief Dental Officer, Medical Division, Selective Service System, was elected to the office of President-Elect at the final session of the House of Delegates. Commander Wells, of Brooklyn, New York, who is now stationed in Washington, D. C. was elected without opposition. Cincinnati was chosen as the next meeting place with the Board of Trustees empowered to select the time of meeting. Detroit and Buffalo also submitted invitations for the business meeting.

NEWS AND ANNOUNCEMENTS

GERALD D. TIMMONS APPOINTED NEW DEAN AT TEMPLE

Dr. Gerald D. Timmons will assume his duties as dean of the dental school at Temple University, Philadelphia, on September 1.

Members of the Chicago Dental Society are familiar with the excellent services rendered organized dentistry in his capacity as Chairman of the Committee on Dental Preparedness and in the development of the Procurement and Assignment Service. In addition to these activities Dr. Timmons has been executive secretary of the American Dental Association for the past two years.

His many friends in the Chicago Dental Society wish him well in his new position.

ENGLEWOOD MEETING

Englewood Branch: First regular monthly meeting. Dental Hygiene Institute Program. Dinner, 6:30 p.m. Meeting, 8:00 p.m. Hayes Hotel, 64th Street and University Avenue.

DR. CARTWRIGHT RECEPTION

Dr. Glenn E. Cartwright reception and dinner. Crystal Room, Palmer House, Wednesday, September 30 at 6:30 p.m. Tickets are \$5.25 each including Federal Tax and may be secured through Dr. T. Olechowski, 4213 West Division Street, Telephone Spaulding 0422, or through your branch ticket committee.

NORTHWEST SIDE BRANCH COMPLETES FIRST AID COURSE

The following members of the Northwest and North side branches completed the standard First Aid course so ably presented by Dr. B. Z. Reznick of the

American Red Cross staff: John T. Allison, Alvin L. Arnstein, Emanuel Belgrad, Edward O. Benson, Randolph Bowerson, S. A. Broniarczyk, John H. Burton, Edward Dankowski, Benjamin P. Davidson, Alter I. Druckaroff, Warren W. Eggers, John B. Frey, S. F. Galaskiewicz, August A. Giralidi, Morris A. Goldberg, Charles J. Gruner, Slavia O. Hamachek, Elmer M. Imber, Ewald A. Iwick, Elizabeth Jager, Edward J. Kanser, Samuel Krongrade, Maxwell Kurtz, E. O. Lachmann, Joseph S. Lebow, C. C. Lewandowski, Albert A. Mark, Charles J. Minich, George Mullen, Thad Olechowski, Casimir J. Rogalski, Harry C. Rome, Robert R. Rubin, Jaroslav Rund, Henry Saavedra, B. H. Sachs, Theodore H. Sass, Lawrence S. Schlocker, Wilbur C. Schuessler, Maurice B. Schwartz, Phil A. Skwiot, L. A. Slavin, Joseph C. Ullis, Max S. Unger, Nathan Welcher, Herman R. Wenger, John V. Wolfe and Thomas R. Wright. The entire group wishes to thank Dr. Reznick for his fine work in their behalf.

DR. HAROLD HANSEN LEAVES A.D.A.

Dr. Harold Hansen, Secretary of the Council on Dental Therapeutics and Chief Chemist for Bureau of Chemistry of the American Dental Association has resigned his position, effective September 1, to become associated with the Winthrop Chemical Co., with headquarters in Albany, New York. Dr. Hansen has conducted his duties with outstanding achievement and his decision to leave the Association is a distinct loss to dentistry.

NORTHWEST SIDE DENTIST ROBBED

Dr. David Jenner, 3834 West Chicago Avenue, was held up and robbed of \$72.00 by two men on Friday, August

(Continued on page 27)

An Institute of War Medicine and Surgery for Dentists

To Be Given October 26, 27, 28 and 29

Sponsored by the Chicago Dental Society

This is a preliminary announcement to inform members of an intensive four-day INSTITUTE OF WAR MEDICINE AND SURGERY FOR DENTISTS. This course is to be offered to all members of the American Dental Association under the sponsorship of the Chicago Dental Society.

Time:

October 26, 27, 28, and 29, 1942.

Place:

The John B. Murphy Memorial Hall of the American College of Surgeons, 50 East Erie Street, Chicago.

Fee:

\$20.00.

Subjects:

1. Traumatic Surgery: Two lectures which will cover the following: a) the treatment of shock and hemorrhage; b) the use of splints; c) the treatment of burns; d) the use of blood plasma; e) the use of the sulfonamide drugs; f) and such other subjects of a surgical nature as are encountered under conditions of warfare.

2. Tropical Medicine: Two lectures to acquaint dentists with the tropical diseases that they may encounter on the global battlefronts, the oral manifestations of such diseases, and such other aspects as come under the wide scope of tropical medicine.

3. Military Sanitation: Two lectures. In combat a dental officer is often entrusted with the duties of a sanitation officer. He is in charge of the protection of water supply, the disposal of sewage, and the proper handling of foodstuffs.

4. Aviation Medicine: Two lectures. This new problem in medical science offers wide possibilities for study and investigation. There are certain definite dental implications in aviation medicine. For example: Partial stenosis of the eustachian tube caused by overclosure of

the mandible makes the equalization of external and internal pressure difficult during rapid aerial descent. It has been found that many fliers, particularly dive bombers, need their vertical dimension opened and the condylar head repositioned to prevent the syndrome of dizziness, ringing in the ears, and stuffiness which frequently follows rapid descent.

5. Military Psychiatry: Two lectures. It is known that when large groups of people are gathered together either as combatants or as civilian victims of warfare, certain neuroses are likely to develop. The dental officer should be prepared to meet these behavior problems among the people he may have to treat.

6. Nutrition in Wartime: Two lectures. The use of dehydrated and concentrated food has nutritional and dental importance. It is likewise important that the dentist know something about the nutritional conditions and the possible deficiency diseases that confront troops in the widespread territories of present warfare.

7. Prosthetic Services in War: Three lectures on the general subject of prosthetic services in war, including: a) construction of splints for the use of fracture reduction and immobilization; b) prosthetic facial restorations of the nose, ear, and other parts; c) construction of aviation splints, the basic subject of which was mentioned and will be covered under Aviation Medicine.

8. Oral Surgery in War: Three lectures on the general subject, including: a) local anesthesia under war conditions; b) general anesthesia under war conditions; c) fundamental techniques in plastic and maxillo-facial surgery.

In addition to these eighteen lectures there will be six lectures covering military background information, and three

evening sessions devoted to subjects of war interest to dentists.

PRELIMINARY PROGRAM

MONDAY

(Lecture Hall Opens at 8:30 A.M.)

Morning:

- 9:00 to 9:50 Geography of the Battle Areas
9:50 to 10:00 (*Intermission*)
10:00 to 10:50 Meteorologic, Climatic, and Weather Conditions in Zones of Combat
10:50 to 11:00 (*Intermission*)
11:00 to 11:50 Cultural Patterns of Our Enemies

Afternoon:

- (Lecture Hall Opens at 1:30 P.M.)
2:00 to 2:50 Organization and Training of Medical Department Officers—Navy
2:50 to 3:00 (*Intermission*)
3:00 to 3:50 Organization and Training of Medical Department Officers—Army
3:50 to 4:00 (*Intermission*)
4:00 to 4:50 Military Customs, Courtesy, Discipline

Evening:

- (Lecture Hall Opens at 7:30 P.M.)
8:00 to 10:00 Two Lectures (*Subjects to be announced later.*)

TUESDAY AND WEDNESDAY

(Lecture Hall Opens at 8:30 A.M.)

Morning:

- 9:00 to 9:50 The Principles of Traumatic Surgery
9:50 to 10:00 (*Intermission*)
10:00 to 10:50 Tropical Medicine
10:50 to 11:00 (*Intermission*)
11:00 to 11:50 Military Sanitation

Afternoon:

- (Lecture Hall Opens at 1:30 P.M.)
2:00 to 2:50 Aviation Medicine

- 2:50 to 3:00 (*Intermission*)
3:00 to 3:50 Military Psychiatry
3:50 to 4:00 (*Intermission*)
4:00 to 4:50 Nutrition in Wartime

Evening:

- (Lecture Hall Opens at 7:30 P.M.)
Tuesday: Subject to be announced later.

Wednesday:

- 8:00 to 10:00 Traumatic Surgery of the Jaws, including the Treatment of Fractures

THURSDAY

(Lecture Hall Opens at 8:30 A.M.)

- Morning: Prosthetic Services in War:
9:00 to 9:50 Splints
9:50 to 10:00 (*Intermission*)
10:00 to 10:50 Facial Restorations
10:50 to 11:00 (*Intermission*)
11:00 to 11:50 Aviation Splints

Afternoon:

- (Lecture Hall Opens at 1:30 P.M.)
Oral Surgery in War:
Afternoon: Oral Surgery in War
2:00 to 2:50 Anesthesia (local)
2:50 to 3:00 (*Intermission*)
3:00 to 3:50 Anesthesia (general)
3:50 to 4:00 (*Intermission*)
4:00 to 4:50 Plastic and Maxillo-Facial Surgery Techniques
4:50 to 5:00 ADJOURNMENT

The following military officers have agreed to act as advisors: Colonel Arnett Matthews, Chief Dental Officer of the Sixth Service Command; Captain J. A. Tartre, Senior Dental Officer of the Ninth Naval District; Major Kenneth Cofield, Liaison Officer between the Office of the Surgeon General and the American Dental Association; and Commander Fred F. Molt, Dental Corps, United States Navy.

All lecturers will be persons of pre-eminence in their fields. Their names will be published in an early issue of the *Fortnightly Review*.

(Continued on page 25)

NEWS OF THE BRANCHES

WEST SUBURBAN

It is reported that Scotty Morange gave a good talk on "Relining Dentures" at the round table on August 18 . . . Senior Grade Lieutenant Ernie Hudec gave an informal talk before the round table on the routine of a dental officer and indoctrination at Great Lakes . . . Beulah Nelson graced the round table with her presence recently. Come out more often, Beulah . . . Major William Tolar sent a card from Fort Bliss, Texas. He wishes to be remembered to the bunch . . . Major Ira Smith is stationed somewhere in Michigan . . . The West Suburban Hospital Unit left on August 16 for Fort Leonard Wood in Missouri . . . Walter Edlund gave a squab dinner for six fellows last Monday. Seems as though Walter is easing the load of a large loft of racing pigeons . . . It is rumored that Les Brown will change the location of his office . . . An unknown contributor reports that Tarzan Joe Voita is a glorious sight in the moonlight strutting along the Michigan shores, giving the local talent a treat . . . Bob Humphrey is beginning to get that vacation gleam in his eyes so it won't be long now . . . Like most of us Ollie Johnson didn't want to be caught in gas rationing areas so he spent his vacation taking short trips . . . Felix Tittle spent some time in northern Minnesota . . . The neighbors and friends of Junior Grade Lieutenant Bob MacDonald presented him with a pen and pencil set when he left for duty. Bob was surprised and delighted and says to thank the bunch . . . We would appreciate hearing from any of the boys in the service. If you have any news concerning any of the fellows please let us know.—*Joseph M. Lestina, Branch Correspondent.*

ENGLEWOOD

"Hit them between the eyes in the

first paragraph" is a popular conception of modern journalists—so for a brief moment unshackle the blissful bonds of summer, sit back and listen to Ed Glavin, our new program chairman, give us the dope on Englewood's first meeting of the season. Ed believes and says that every dentist should know more of the value of dental health education to the laity. To this end he has headlined this meeting with a program given by the Dental Hygiene Institute of Chicago which will better acquaint us with their purpose and endeavor in this particular field of professional-lay relationship. There will be a presentation of a sound slide film entitled "The Keys to Health and Happiness" and a motion picture entitled "About Faces" together with a short talk by Miss Josephine Bessems, recently appointed educational director of the Dental Hygiene Institute. H. R. H. Brevig, Chairman of the Public and Professional Relations Committee, will conduct a question and answer period following the above presentation. This meeting to be held at the Hayes Hotel and originally scheduled for Tuesday, September 8, has been postponed until Tuesday, September 15. Dinner will be served at 6:30 p.m. and the business session will convene at 8 p.m. . . . With the vacation period in full swing and the increasing loss of members to the armed forces, the plight of the correspondent is indeed becoming serious. Perhaps a traveling correspondent would solve the problem . . . Joseph J. McMahon, our branch correspondent, will relinquish both his recent appointment and his practice to enter the Navy as Junior Grade Lieutenant on August 31. Good luck and many thanks for the contributions, Mac . . . Edwin Tharp, Lieutenant Junior Grade, left on August 24 to take his post with the Navy . . . Robert Tharp has recently applied for his commission . . . Lieutenant Gordon Pollack has closed his office pending his call to the Army within a few weeks . . .

Joseph Garofalo, commissioned in the Army Dental Corps, expects to be located somewhere in Arkansas . . . Lieutenant Colonel E. L. Aison is stationed at Camp Grant . . . Lieutenant Colonel Myron L. Mikulas, a World War Veteran, left several weeks ago to join the Army Dental Corps . . . Harry Kazen, recently returned from a trip to Mackinac Island in his cruiser, is preparing to enter the service as Captain in the Army Dental Reserve Corps . . . C. M. Fisher is visiting his son, a captain in the Army Dental Corps, at Quantico, Virginia . . . Englewood extends condolences to John Higgins on the recent loss of his brother, Captain E. J. Higgins, who was buried with military honors at Lowell, Massachusetts . . . Elmo Brennom has opened a new office in the loop . . . Jerry Wilher with paternal grace and blessings recently gave his daughter in marriage—Best wishes to the Bride and Groom . . . With priorities on tires, automobiles, travel and what not becoming effective a number of our members are taking their final fling in the lap of Dame Fortune . . . I. H. Libman spent two weeks at Lac du Flambeau, Wisconsin . . . C. A. Sinard and his wife are enjoying the coolness and contentment of Mackinac Island . . . Ed Werre is presently located at his summer home in Algonquin, Michigan, after spending a few weeks in Saugatuck . . . Edgar Holzbach returned from his vacation rested and fit as a fiddle . . . Bill Hillemeier is in Green Bay, Wisconsin—What with Milwaukee so near? . . . The T. H. Vermeulen family have forsaken business for a trip to Denver, Colorado . . . Jim Moran and Earl Boyer are lost somewhere in the Canadian wilds, apparently searching for those elusive denizens of the deep. Something should come of this! . . . More later, and don't forget the meeting, Tuesday, September 15, at the Hayes Hotel.—*R. C. Van Dam, Branch Correspondent.*

KENWOOD-HYDE PARK

Kenwood's correspondent has been put

on the disabled list by a trick power motor. Four stitches were necessary to tie the right index finger together, and now your editor operates his right hand like "four-fingered Jake." . . . During the summer season this column has been made an item of interest through the excellent cooperation of Ralph Sappe and Willard Johnson. Without their help it would have died a natural death . . . Otto Mast and family recently returned from a vacation down in the old home town, Angola, Indiana. Otto reports that the fishing was fine, but we have not had a chance to sample the evidence . . . A card from Howard Shepard indicates that the fishing is fine up in northern Wisconsin . . . Doctors Siegel and Adler are now First Lieutenants in the Army Dental Corps, and reports indicate that they left for camp last week . . . Bill DeLarye expects to leave very soon . . . Our president, Elmer Ebert, keeps out of the spotlight, but we understand that all the committees are now functioning . . . Our first monthly meeting has been arranged, and it promises to be one of interest. A more detailed announcement will appear in the next issue.—*Howard E. Strange, Branch Correspondent.*

WEST SIDE

Members of the West Side Branch Red Cross First Aid Class have completed the twenty hour course under the excellent tutelage of Dr. Bryant Wilson and practically all have agreed to take the advanced instruction. At the last meeting, Dr. Wilson conducted the class through parts of the Rush Medical School, Presbyterian and County Hospitals. The fracture ward and oral surgery clinics were of most interest . . . On the war front, the following will be of interest to members: Thomas J. Cassidy entered the service July 1. Henry Horwitz, stationed at Camp Wheeler, Macon, Georgia, is now a Major. David J. Raynes is at Camp Gordon, Augusta, Georgia. Milton D. Traxler, stationed at Navy Pier, has been promoted to Lieutenant Commander. Arthur D. Tessler

sends his greetings from San Antonio, Texas, via letter to Al Sells. Irving S. Gelman, who is stationed at Fort Huachuca, Arizona, in a letter to Samuel H. Sherman, sends his greetings to members of the West Side Forum. Irwin J. Altheim has been transferred to Fort Knox, Kentucky. Edward W. Mikula received his commission August 20, and is located at Fort Bliss, Texas. Edward J. Kozak, also commissioned August 28, will report for duty with the 1st Cavalry Division, Fort Bliss, Texas . . . And on the vacation front we have the following items to report: E. J. Rus, on his return after two weeks' sojourn in the Badger state, said he found the Wisconsin air more invigorating than two aspirin tablets. E. Schachter will spend the Labor Day holiday in Newark, New Jersey. C. S. Suddarth is fishing and reading Shakespeare in the North Woods. I am told he runs a close second to Maurice Evans in oratorical elegance. Ben Gorsky relaxed at the Lake View Resort in South Haven recently. He found the air heavily laden with romance and the fellows looking into the girls' eyes like dying ducks saying "Goo Goo" ! ! ! Harold Epstein and Norman Moses journeyed down to Michigan City last week. It rained so hard that a shower at home would have been more enjoyable. William Walden experienced rationing and war activities during his two week visit to London, Canada. Robert Baxter will be all set to tell about the big one that got away on his return from Northern Wisconsin. On intensive quizzing of our good friend Bill Gubbins we learned the following—that he has not decided as to when or where he and the missus will vacation. Harry Brown spent two weeks at Traverse City, Michigan. James Dillon returned recently from a two weeks' stay at the Lake Lawn Hotel in Delavan, Wisconsin. Lawrence Faul has been doing a lot of sailing on Lake Geneva. His boat capsized a mile and a half from shore and Larry swam in. William Ashworth will spend the last two weeks of August in the Smoky Mountain area. William Whittaker and family report a most en-

joyable cruise to Mackinac Island via the S. S. Alabama. He will spend this week-end in Springfield, Illinois. George Walls had a most successful fishing trip at scenic Sturgeon Bay, Wisconsin. Earl Boulger installed an extra twenty-two gallon gas tank in his car to insure his arrival in Canada. J. S. Vission is a real diplomat—to keep peace in the family, he will visit his in-laws in Minneapolis the early part of September. Andrew Nielsen spent two weeks at his summer home at Lake Delavan, Wisconsin. Louis Batler is traveling down to Union Pier week-ends to join his family. William Bingaman left August 14 on a ten day fishing excursion near Greensburg, Pennsylvania. I thought coal was the only thing found in Pennsylvania. Adolph Stark began his three week vacation August 22. Door County, Wisconsin, Duluth and St. Paul, Minnesota, will be the stopping points. Harry Cornwell visited his old home town at Waupaca, Wisconsin. Howard Michener and family have been doing some farming up Wisconsin way while on their vacation. Sol Goldberg is spending week-ends at his summer home in Glenn, Michigan . . . Frank Jans is leaving shortly for Camp Crowder in Joplin, Missouri to be present at the military wedding of his niece. He will visit the Ozarks at the same time . . . George Bernard Shaw said that to remain single is a mistake, but to marry is a greater mistake. Walter Kelly does not agree. Two weeks ago he did it. Took a honeymoon trip down to Florida and then flew to Bermuda. He is now at home at the Edgewater Beach Hotel . . . Frank Kropik is very busy nowadays. He is acting supervisor of the Children's Dental Clinic at the County Hospital . . . Norman Moses requires little encouragement to proudly exhibit the photo of his progeny, Arthur David, who is now four months old . . . G. G. Kiggins moved into his new home in Lombard recently . . . The Forum will meet in September with the speaker program starting on completion of the Red Cross course . . . Casimir C. Dumanowski, Assistant Correspondent, will write the next column. His

phone number is Lawndale 1169 . . . This report required Herculean efforts, so I guess I'll relax under the stars in Grant Park while the orchestra plays A Major in E Minor by Yachum-Bachum.—*Samuel D. Kretshmer, Assistant Branch Correspondent.*

NORTH SIDE

With the appearance of football news and duck crop reports one realizes summer is slowly slipping into fall even tho' the thermometer belies such declarations. However it is in the air . . . R. G. Walser has been oiling his guns and reading the South Dakota pheasant reports. (So have I) . . . While William Schoen Jr. was touring Door County he stopped at Nils Tuveson's summer home on Sister Bay. From the glowing reports we received it must be beautiful . . . Charles P. Hoffman is stationed at Great Lakes but he doesn't let that interfere with his flying lessons, and I hear it won't be long before he gets his pilot's license.—Maybe they will form a Dental Flying Unit . . . William Kirts reported to Fort Hayes, Columbus, Ohio, on August 20. He is a member of Cook County Unit General Hospital 297, which will eventually be reunited.—*Orrin G. Baumgarth, Branch Correspondent.*

NORTHWEST

What has become of Joe Doakes? Or are conditions so perfect among dentists that there is no further need for his search for the truth? . . . Modesty may be a virtue, but Dan Klein went all the way in "hiding his light under a bushel" when he made no mention of the two hour talk he gave at the Wisconsin Credit (or Economics) session at Madison . . . We add to the list of Northwesters going into service the names of R. W. Bowerson of fishing fame, and Lieutenant I. Lossoff, who has been assigned to Fort Huachuca in Arizona . . . Not all the dentists in the army are going to be pushing a foot engine while on duty. Northwest branch, always differ-

ent, has the distinction of having one of its members finish training as an aviator. So Lieutenant Marvin E. Chapin, is wearing wings rather than a caduceus . . . LeRoy Kurth post cards from Nevada that . . . seeing the West is about the best bet these days with gas rationing still to come . . . Archie Frost was brave enough to go East. Homestead, Virginia, was the vacation spot, and from all reports twenty-five bucks a day wasn't too much for the right kind of surroundings . . . Iver Oveson called it a vacation but in reality he was acting as family chauffeur when he drove to Sturgeon Bay to pick up his daughter. Your correspondent tried hard to get him to stop at Algoma, Wisconsin, where he and the better half were having a hard time finishing a cold last in the bridge tournament being held there, but Iver had no taste for any of the gory details . . . Northwest was represented in this month's Illinois Journal by Bob Placek's article on Acrylic Jackets . . . Glenn Cartwright wants to take this opportunity to thank all those friends who called during the illness of Mrs. Cartwright. She is doing nicely and Glenn is losing that worried look that was ever present the past few weeks . . . Harry Rome was notified that he had become a life member of the Illinois State Dental Society . . . The Red Cross class finished its series of lessons in grand style. Now if they will all learn to sit on their heels during artificial respiration they will make a representative group of first aiders . . . Don't forget that testimonial dinner to Glenn Cartwright on Wednesday September 30 at the Palmer House . . . The branch officers and members extend their condolences to Art Peterson whose father passed away recently in Marinette, Wisconsin.—*Ben Davidson, Branch Correspondent.*

NORTH SUBURBAN BRANCH

On Wednesday, August 5, of this year, the Xi Psi Phi's and the "Zips" had a golf outing at Rolling Green Country Club, which is situated (according to the card) exactly five miles west of a place

called Des Plaines. (As if he didn't know, Joe Bicuspid asked me if it was in the state of Illinois?) You see Joe B. happens to be a "Zip" who practices at 120th and Stony Island. The North-Suburbanites who figured in on the prizes were Larry Hill, golf??? Johnny Heller, for the nicest smile, and Eddie Baumann, who was conceded the palm for the shortest and snappiest story . . . Tod Dewel, another Evanston "strawberry roan," expects to pasture in his own backyard, nibbling such tidbits as quack-grass, crab-grass, creeping charlie and dandelion greens . . . Walter Poyer (we can't seem to keep him out) was caught by the Roto cameraman shaking hands with a cow. Rog Williams was clicked by the same lens. (Did you see 'em?) . . . A beautiful flower garden, an "edible" victory garden, an efficient barbecue, and a home flanked by gracious hospitality are the prized possessions of Hal Noyes . . . Carl Brasmer, the old reliable pinch-hitter of the Evanston Association of Dentists, has taken his family to Frankfort, Michigan, where all expect to be smitten by the hook-worm . . . Smitten, that's just the word for it. It happened right here—listen. These several years past, a certain man named Franklin, who lives permanently in a white house, has raised the alphabet from one of kinder-

garten level to one of international prominence and importance. In other words, he has made the ABC's grow up. In a similar vein, summertime appears to have gone alphabetic for the underprivileged scribe who cannot help himself. His usual notes will read as follows: Sam Molar went G; Pete Halitosis returned from a F.T.; Jim Gingivitis received a commission in the A; Larry Elevator swam away with the N; and so on *ad infinitum*. This practice was followed by said scribes even before Franklin, and mayhap it was done in self-defense. Joe Bicuspid who usually knows all the answers suggested that we abolish the alphabet and the scribes too. Until such time, the powers that be still insist on the alphabet so here goes: Harry Chronquist is F. in W; Dick Smith who likes to G. will do a little F. on the side at L.L.W; O.B. who made this column recently, is F. in W.; "Stevie" Stephenson hied away with a trailer in tow, the F and G he catches in W. should fill the "wake-wagon" . . . When this copy goes to press your scribe will be in M., the land of the sky-blue water, with his family. Here he expect to H.A.V.E. F.U.N. and G.O.N.U.T.S. trying to figure out what might be of interest to A.L.L.O.F.Y.O.U.—*Frederick T. Barich, Branch Correspondent.*

WAR MEDICINE INSTITUTE

(Continued from page 20)

A suitable certificate will be issued to all persons who complete the course with attendance at all sessions.

The Chicago Dental Society Commission for the Aid of Needy Members will receive any profit from this course.

A Registration Blank is provided herewith:

Please enter my name in the enrollment for the proposed Institute of War Medicine and Surgery for Dentists under the auspices of The Chicago Dental Society. My check for \$20.00 in payment of the Registration and Tuition Fee is enclosed.

Name

Address

Please make checks payable to The Chicago Dental Society and mail to 30 North Michigan Avenue, Chicago.

Inasmuch as 100 of the 700 seats available are reserved for dental officers of the Army and Navy, dentists who are interested in attending this Institute of War Medicine and Surgery are urged to register at once. A Registration Admittance Card will be sent to registrants.

21. The robbery occurred around 9 p.m. just as Dr. Jenner was about to close his office.

JOSEPHINE BESSEMS APPOINTED INSTITUTE DIRECTOR

The Board of Directors of the Dental Hygiene Institute of Chicago announce the appointment of Miss Josephine Bessems as Educational Director to succeed Mr. William B. Pringle, recently called to service in the United States Army. Miss Bessems has had considerable experience in medical publicity and was Publicity Director for the Children's Memorial Hospital at the time of her acceptance of the Institute appointment. Prior to that she was Director of Public Relations for the Henrotin Hospital of Chicago.

Nutrition in War Time.—Overcooking and twice cooking should be avoided as far as possible. Take as an example the effect of heat on cabbage. In the raw state 1 ounce of cabbage per day will protect an adult from scurvy. If the cabbage is boiled for twenty minutes 4 ounces will be required to protect from scurvy, if it is boiled for one hour 10 ounces will be required. If it is boiled with soda for only a short time it will be valueless as a protective against scurvy. Jam, which is made with long heating and stirring of fruits, contains no vitamin C. Marmalade is made from oranges, a fruit which normally contains a large amount of this vitamin, but as a result of the long cooking which it receives its vitamin C content is negligible. Cooking meat or potatoes or other vegetables twice usually destroys all traces of even the more heat stable vitamins, such as vitamin B. The water in which vegetables have been boiled should not be wasted because it contains many of the mineral salts of the vegetable; it should be made into a soup, preferably a thick one, with peas, beans, lentils or potatoes; alternatively, it could be made into a gravy and used to pour over meat.—Bourne, Geoffrey: Nutrition and the War, Cambridge University Press, 1940. J.A.M.A., 118:696, (Feb. 28) 1942.

ELECTROLYSIS is the only safe way to permanently remove SUPERFLUOUS HAIR

• You may refer your patients to this office in the fullest confidence that they will receive competent treatment. There is no scarring since care, not speed, is the first consideration. Most of the leading dermatologists as well as other ethical physicians and dentists regularly refer cases to me.

AN OPEN LETTER TO THE DENTISTS OF THE CHICAGO AREA

Dear Doctor:

In recent months it has come to our attention that many doctors who are joining now had not joined the Doctors' Service Bureau heretofore because of their lack of knowledge as to the true purpose of the Bureau and what it is accomplishing for its membership.

For instance — do you know:

As a member of the Bureau you are entitled to an analysis of your accounts at regular intervals free of charge?

As a member of the Bureau you would receive a free service on accounts less than six months old that stimulates prompt payment of many accounts that would otherwise become collection problems?

As a member of the Bureau you could check the professional credit of all new patients and avoid extending credit to undesirables? Credit information from our files is supplied free of charge.

As a member of the Bureau you would be entitled to the new "Budget Plan," also a free service?

Added to these many free services, a Bureau member has at his command a personalized collection service that really gets results?

Four thousand of your colleagues, present Bureau members, who have made this organization possible, solicit your support and cooperation. They ask you to really know the facts, be convinced, then become a part of this movement to educate the public that the professional account is entitled to foremost consideration when bills are paid the first of the month.

IN 7 NEW-DENTURE CASES OUT OF 10

DR. WERNET'S POWDER

may make all the difference!

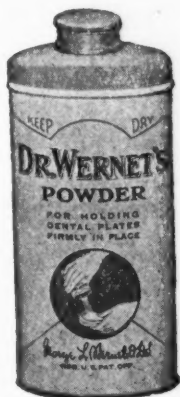

Shorten the difficult "learning" period for the majority of your patients with Dr. Wernet's powder.

To claim that without the use of Dr. Wernet's Powder a denture will be unsuccessful is of course absurd; but dentists tell us that 70% of new-denture cases develop a higher degree of security and definitely faster control through the use of this premier powder.

Admittedly those first two or three weeks while the new denture is seating itself are a make-or-break period for you and your patient both, since the latter invariably measures your work by how quickly he or she can eat and talk—and smile—with confidence. And the finest denture ever made may not survive this period unless there is proper cooperation, and a denture "help" like Dr. Wernet's Powder.

Fifty percent more viscous, 46.5% more absorbent, 26.1% whiter and purer, Dr. Wernet's Powder is as safe as it is soothing and digestible.

Write for your free supply of Dr. Wernet's Powder. Wernet Dental Mfg. Co., Dept. T-9, 190 Baldwin Ave., Jersey City, N. J.

ADAPTS THE PATIENT TO THE DENTURE

QUALITY MATERIAL

*saves your
Time.*

STRANGE BUT TRUE—precious time can and is being saved for dentists, for technicians and for patients by the use of

PRECIOUS METALS

There is no need for special equipment to process gold. The physical properties are such as to permit of every fine adjustment in placement. This final detail is important and saves time for you and your patients.
